

THE RANCH GOLF CLUB

We are searching for enthusiastic women who will volunteer as caring and positive role models for young girls!

**Become part of a program that INSPIRES girls to dream BIG!
With your help, we will continue to EMPOWER, ENRICH, ENGAGE,
and ENERGIZE girls through the game of golf!**

Golf is a life-long sport and LPGA-USGA Girls golf is the program designed to ignite girls' passion for the game! We introduce young girls to the game of golf in a fun and supportive environment, guiding them from beginner to advanced levels. Open to girls ages 6 – 17, we don't just teach golf, we provide the necessary tools to succeed in life!

Join our list of LPGA - USGA Girls Golf volunteers who are passionate about helping young girls experience success. By volunteering, you can help make a direct impact on the lives of girls in our community. Golf experience helps, yet it is not required. You can support our program off the golf course as well. Assistance with fundraising events, monetary donations, gifts of golf merchandise, and donations of golf equipment are always appreciated!

To learn more about volunteering opportunities at Girls Golf Program clinics, please visit the Girls Golf website: <https://www.girlsgolf.org>.

**You may also download the Girls Golf app:
<https://www.girlsgolf.org/app-download-now>**
